CHP VUE

Virtual URiM Elective

September 13th - September 24th, 2021

A two-week elective-for-credit experience in Pediatrics and Pediatric Subspecialties integrating social justice, antiracism, and health equity.

Certificate in Social Justice available with additional study.

Case Discussion

Resident-led clinical case conference focused on differential diagnoses, independent evaluation, and initial management

Interdisciplinary Didactics

Lecture-based teaching on health-related social needs and community-based research and interventions

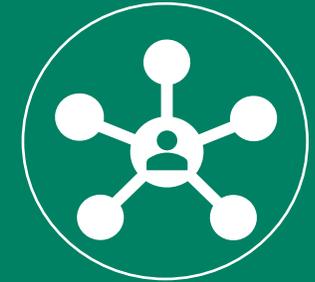

Simulation Learning

Virtual patient scenarios facilitated by teaching faculty incorporating high-yield clinical reasoning and management skills

Clinical Immersion

Real-time patient interviews and instructive exams across multiple pediatric subspecialties in diverse clinical settings

Networking & Mentorship

1-on-1 faculty mentorship on applying to residency, fostering equity, and building advocacy into your career

Community Partnership · Academic Enrichment · Individual Growth
